GIN. This Gln, of light draft, makes a good sample, and will pick more line from the same amount of seed cotton, and in less time than any other gin. It does not break the roll nor cheke, is slimple in its construction and not liable to get out of order.

It is a good rule to try all things and hold fast to what has been approved, and answers the purpose for which it is made. This is claimed for Pratt's Gin, and slimitted by practical plantars who have used it.
